OUR GOAL

Our goal is to create a fun yet challenging Swim Team for various ages ranging from 5-18 years old. It is our desire to help all participants grow in the sport of swimming, understand swim lingo, understand what it means to be part of a team, learn and master all strokes and techniques.

We want our swimmers to grow not only in the physical aspect, but to help them learn how to be leaders, respect each other, and build their character in and out of the water.

Swim Team Overview

Tidal wave swim team is a year-round YMCA swimming program for members and non-members. The season will run through Sept – July and take a short break in the month of August. Before each new season, assessments will be given to new swimmers to determine a swimmer's endurance and technique. New swimmers may also try out during the year and schedule an assessment time with one of the coaches.
